Enjoy large panoramic views only minutes from the Steamboat Ski Area (with bus service nearby), from this very well-maintained home in Hunters Ridge Subdivision. Located on a quiet street overlooking the lower mountain village area, this home offers a great floor plan with 4 bedrooms, large office (or 5th bedroom), open great room with fireplace, large family room on lower level and a hobby room. The unobstructed views are enjoyed year around from most rooms in the house and the oversized, covered deck, which is set up for large gatherings of family and friends. The roomy, private master suite with fireplace, private deck and large bath gives this home great practical design. The perfectly manicured yard is landscaped with irrigation. This is a great home in a great location.
